Case Study 18 - Tailspin Toys (QUESTION 231 - QUESTION 240) General Background You are the Windows Server Administrator for Tailspin Toys. Tailspin Toys has a main office and a manufacturing office. Tailspin Toys recently acquired Wingtip Toys and is in the beginning stages of Merging the IT environments. Wingtip Toys has a main office and a sales office. Technical Background The companies use the network subnets indicated in the following table:

Company	Office	Subnet
Tailspin Toys	Main office	10.10.10.0/24
Tailspin Toys	Manufacturing office	172.16.10.0/24
Wingtip Toys	Main office	172.16.10.0/24
Wingtip Toys	Sales office	192.168.1.0/24

The Tailspin Toys network and the Wingtip Toys are connected by a point-to-point dedicated 45 Mbps circuit that terminates in the main offices. The current Tailspin Toys server topology is shown in the following table:

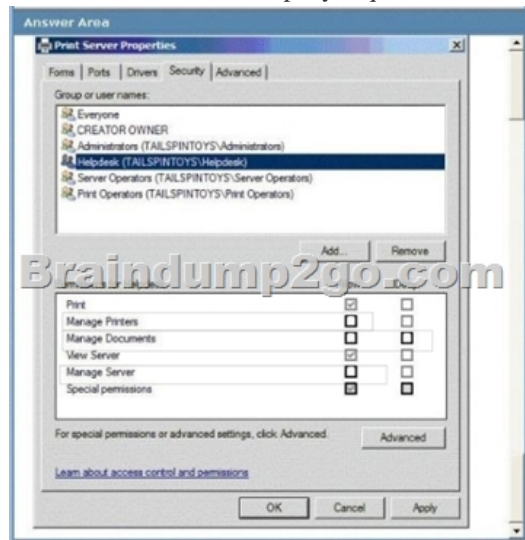

Server name	IP address	Current role(s)	Operation system	Notes
TT-DC01	10.10.10.10	Domain controller, DNS server	Windows Server 2008 R2 Standard	Only AD-integrated DNS zones
TT-DC02	10.10.10.11	Domain controller, DNS server	Windows Server 2008 R2 Standard	Only AD-integrated DNS zones
TT-APP01	10.10.10.20	Certification Authority (AD CS)	Windows Server 2008 R2 Enterprise	
TT-PRINT01	10.10.10.21	Print server, file server	Windows Server 2003 Standard x64	Some 64-bit printer drivers
TT-DC04	10.5.1.11	Domain controller, DNS server	Windows Server 2008 R2 Standard	Only AD-integrated DNS zones
TT-HOST05	10.10.10.30	Hyper-V host for developers	Windows Server 2008 R2 Enterprise	Hosts development VMs
TT-FS01	10.10.10.40	File server	Windows Server 2008 R2 Standard	
TT-FS02	10.10.10.50	File server	Windows Server 2008 Standard	

The Tailspin Toys environment has the following characteristics:- All servers are joined to the tailspintoys.com domain.- In the Default Domain Policy, the Retain old events Group Policy setting is enabled.- An Active Directory security group named "Windows System Administrators" is used to control all files and folders on TT-PRINT01.- A Tailspin Toys administrator named Marx has been delegated rights to multiple Organizational Units (OUs) and object in the tailspintoys.com domain.- Tailspin Toys developers use Hyper-V Virtual Machines (VM's) for development. There are 10 development VM's named TT-DEV01 to TT-DEV20. The current Wingtip Toys server topology is shown in the following table:

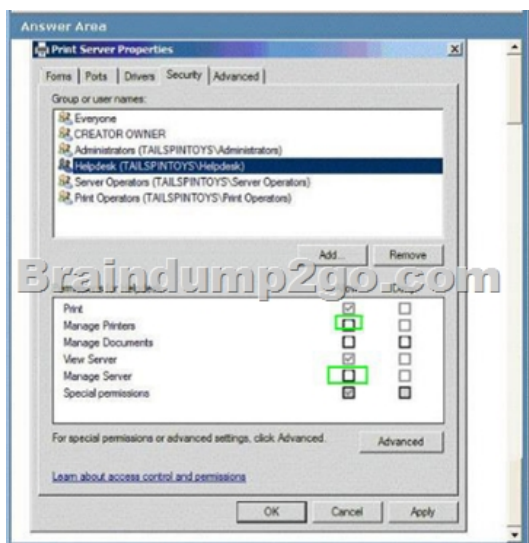

Server name	IP address	Current role(s)	Operation system	Notes
WT-DC01	172.16.10.10	Domain controller, DNS server	Windows Server 2008 R2 Standard	Only AD-integrated DNS zones
WT-DC02	172.16.10.11	Domain controller, DNS server	Windows Server 2008 R2 Standard	Only AD-integrated DNS zones
WT-PRINT01	172.16.10.21	Print server	Windows Server 2003 Standard x64	Some 64-bit printer drivers
WT-DC03	192.168.1.10	Domain controller, DNS server	Windows Server 2008 R2 Standard	Only AD-integrated DNS zones
WT-DC04	192.168.1.11	Domain controller, DNS server	Windows Server 2008 R2 Standard	Only AD-integrated DNS zones

All servers in the Wingtip Toys environment are joined to the wingtip toys.com domain. Infrastructure Services You must ensure that the following infrastructure services requirements are met:- All domain zones must be stored as Active Directory-integrated zones.- Only DNS servers located in the Tailspin Toys main offices may communicate with the DNS servers at Wingtip Toys.- Only DNS servers located in the Wingtip Toys main offices may communicate with the DNS servers at Tailspin Toys- All tailspintoys.com resources must be resolved from the Wingtip Toys offices.- All wingtip toys.com resources must be resolved from the Tailspin toys offices.- Certificates must be distributed automatically to all Tailspin Toys and Wingtip Toys computers. Delegated Administration You must ensure that the following delegated administration requirements are met:- Tailspin Toys IT security administrators must be able to create, modify and delete user objects in the wingtip.com domain.- Members of the Domain Admins Group in the tailspintoys.com domain must have full access to the wingtip toys.com Active Directory environment.- A delegation policy must grant minimum access rights and simplify the process of delegating rights. - Minimum permissions must always be delegated to ensure that the least privilege is granted for a job task. - Members of the TAILSPINTOYSHelpdesk group must be able to update drivers and add printer ports on TT-PRINT01.- Members of the TAILSPINTOYSHelpdesk group must not be able to cancel a print job on TT-PRINT01.- Tailspin Toys developers must be able to start, stop and apply snapshots to their development VM's. IT Security You must ensure that the following IT security requirements are met:- Server security must be automated to ensure that newly deployed servers automatically have the same security configurations as existing servers.- Auditing must be configured to ensure that the deletion of users objects and OUs is logged.- Microsoft Word and Microsoft Excel files must be automatically encrypted when uploaded to the Confidential documents library on the Tailspin Toys Microsoft SharePoint site.- Multi factor authentication must control access to Tailspin Toys domain controllers.- All file and folder auditing must capture the reason for access.- All folder auditing must capture all delete actions for all existing folders and newly created folders.- New events must be written to the Security event log in the tailspintoys.com domain and retained indefinitely.- Drive X: on the TT-FILE01 must be encrypted by using Windows BitLocker Drive Encryption and must be automatically unlock. QUESTION 231 You need to recommend a solution to migrate shared printers from the print server at Wingtip Toys to the print server at Tailspin Toys. What should you recommend? A. On the TT-PRINT01 server, run the printmig.exe command-line tool. B. On the WT-PRINT01 server, run the printbrm.exe command-line tool. C. On the WT-PRINT01 server, run the printmig.exe command-line tool. D. On the TT-PRINT01 server, run the printbrm.exe command-line tool. Answer: D QUESTION 232 You are planning for the IT integration of Tailspin Toys and Wingtip Toys. The company has decided on the following name resolution requirements:- Name resolution for Internet-based resources must continue to operate by using the same DNS servers as prior to the merger.- The existing connectivity between Tailspin Toys and Wingtip Toys must be used for all network communication.- The documented name resolution goals must be met. You need to provide a name resolution solution that meets the requirements. What should you recommend? (Choose all that apply.) A. On TT-DC01, TT-DC02, TT-DC03, and TT-DC04, add forwarders with the IP addresses of 172.16.10.10 and 172.16.10.11. B. On TT-DC01, add a conditional forwarder for wingtip toys.com, use 172.16.10.10 and 172.16.10.11 as the IP addresses, and then configure it to replicate to all DNS servers in the tailspintoys.com domain. C. On TT-DC01, TT-DC02, TT-DC03, and TT-DC04, add a secondary DNS zone for wingtip toys.com and specify 172.16.10.10 and 172.16.10.11 as the master DNS servers. D. On WT-DC01 and WT-DC02, add a secondary DNS zone for tailspintoys.com and specify 10.10.10.10 and 10.10.10.11 as the master DNS servers. E. On WT-DC01, WT-DC02, WT-DC03, and WT-DC04, add forwarders with the IP addresses of 10.10.10.10 and 10.10.10.11. F. On WT-DC01, add a conditional forwarder for tailspintoys.com, use 10.10.10.10 and 10.10.10.11 as the IP addresses, and configure it to replicate to all DNS servers in the wingtip toys.com domain. Answer: BF QUESTION 233 You need to recommend a solution to meet the IT security requirements and data encryption requirements for TT-FILE01 with the minimum administrative effort. What should you recommend? (Choose all that apply.) A. Turn on BitLocker on drive X: and select the Automatically unlock this drive on this computer option. B. Migrate TT-FILE01 to Windows Server 2008 R2 Enterprise. C. Store BitLocker recovery information in the tailspintoys.com domain. D. Turn on BitLocker on the system drive. Answer: AC Explanation: Backing up recovery passwords for a BitLocker-protected disk volume allows administrators to recover the volume if it is locked. This ensures that encrypted data belonging to the enterprise can always be accessed by authorized users. Storage of BitLocker recovery information in Active Directory Backed up BitLocker recovery information is stored in a child object of the Computer object. That is, the Computer object is the container for a BitLocker recovery object. Each BitLocker recovery object includes the recovery password and other recovery information. More than one BitLocker recovery object can exist under each Computer object, because there can be more than one recovery password associated with a BitLocker-enabled volume. The name of the BitLocker recovery object incorporates a globally unique identifier (GUID) and date and time information, for a fixed length of 63 characters. The form is: <Object Creation Date and Time><Recovery GUID> For example: 2005-09-30T17:08:23-08:00{063EA4E1-220C-4293-BA01-4754620A96E7} QUESTION 234 You need to recommend a

solution that meets the following requirements:- Log access to all shared folders on TT-FILE02.- Minimize administrative effort.- Ensure that further administrative action is not required when new shared folders are added to TT-FILE02.What should you recommend? A. Upgrade TT-FILE02 to Windows Server 2008 Enterprise and use application control policies in Group Policy.B. Add the Connection Manager Administration Kit feature on TT-FILE02.C. Upgrade TT-FILE02 to Windows Server 2008 R2 Standard and use Advanced Audit Policy Configuration settings in Group Policy.D. Add the Network Policy and Access Services role to TT-FILE02. Answer: C QUESTION 235You need to delegate print administration to meet the company requirements.What should you do? To answer, select the appropriate check boxes in the dialog box.

Answer:

QUESTION 236You need to recommend a solution to meet the certificate distribution requirements.What should you recommend? A. Upgrade the Wingtip Toys client computers that run Windows XP to Windows 7.B. Create a one-way trust from wingtiptoy.com to tailspintoy.com.C. Create a two-way trust between tailspintoy.com and wingtiptoy.com.D. Upgrade the Wingtip Toys servers that run Windows Server 2003 to Windows Server 2008 R2.E. Create a one-way trust from tailspintoy.com to wingtiptoy.com. Answer: C QUESTION 237You need to remove Marc's delegated rights.What would you recommend? A. Use the Delegation of Control Wizard.B. Run the Resultant Set of Policy (RSOP) tool.C. Run the dscls command-line utility.D. Run the xcalcs command-line utility. Answer: C QUESTION 238You need to recommend a solution to meet the following requirements:- Meet the company auditing requirements.- Ensure that further administrative action is not required when new folders are added to the file server.What should you recommend? (Choose all that apply.) A. Enable the Audit File System Group Policy setting for Success.B. Enable the Audit object access Group Policy setting for Success.C. Enable the Audit File System Group Policy setting for Failure.D. Enable the Audit Handle Manipulation Group Policy setting for Success.E. Enable the File system option of the Global Object Access Auditing Group Policy setting.F. Enable the Audit Handle Manipulation Group Policy setting for Failure. Answer: BDE QUESTION 239You need to recommend a solution that meets the following requirements:- Log access to

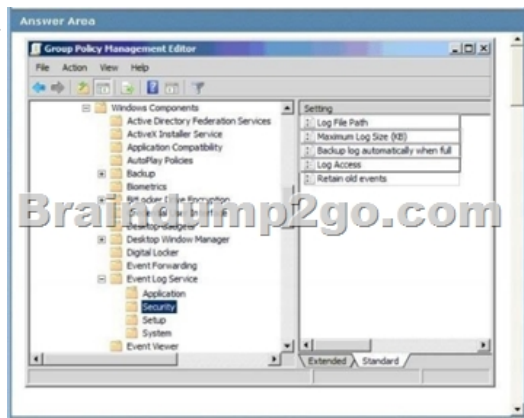

all shared folders on TT-FILE02.- Minimize administrative effort.- Ensure that further administrative action is not required when new shared folders are added to TT-FILE02.Which actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order. (Use only actions that apply.)

Answer:

QUESTION 240New security events are not being written to the current Security event log in the tails Pintoys.com domain. However, old security events are still being maintained in the log.You need to meet the security event log requirements for the tails Pintoys.com domain.Which Group Policy setting or settings should you select? To answer, select the appropriate setting or settings in the Group Policy Management Editor.
